A unique tour experience:

- * The tour group size will be smaller than most tours, [12 to 20] and is personally led throughout by Trevor Wickham.
- * The tour route takes in most of the famous places in New Zealand that you are familiar with and a lot more beside, including some locations that are not all that well known.
- * The tour features quite a variety of transport modes that adds another dimension to the tour. In some cases adding extra appeal to a scenic location.
- * The tour schedule is a little easier than most tours. On many days the sight seeing program does not start until 9.00am, or even later. This allows time for relaxation or some individual exploration, depending on one's energy level.
