As well it enables the tour to proceed at a more leisurely pace than many other tours.

A unique tour experience:

- * The tour group is not too large, [around 20 persons] and is personally led throughout.
- * The tour takes in several places off the regular tourist routes. These include some of the most delightful locations in Britain.
- * One key feature of the tour is the number of train trips through some of the most beautiful areas of England, Scotland and Wales.
- * Another feature is that several beautiful villages are visited. Several nights of the tour are actually spent in delightful village locations
- * The pace of the tour is a little easier than most tour schedules. On many days the sightseeing program does not start until 9.00 am or even later. This allows time for relaxation or some individual exploration depending on one's energy level.
